POST-SHOW SEMINAR

Standards, Standards Everywhere!

Meeting Medicare's New Quality and Supplier Standards

Grand Ballroom A/B (Gold Level, East Tower)

To help you understand the new requirements and see if your facility still needs to work on some of them, join Kathy Dodson and Joe McTernan at our new Meeting Medicare's Quality/Supplier Standards seminar. During this session, attendees will:

- Find out the latest changes to the Medicare Quality and Supplier Standards and when you will have to comply
- Learn how to assess your facility to determine if you are in compliance
- Decide what steps you must take to remedy any deficiencies
- Understand how these standards will be enforced
- Find out the consequences of non-compliance and how to handle them
- And much more.

Stick around just one more day and save money! Assembly attendees pay only \$195 (AOPA members) or \$295 (non-members) for this seminar.
