### **Jurisdiction A Releases Pre-Payment Audit Results**

The Jurisdiction A DME MAC recently released results of its ongoing widespread pre-payment review of K3 or higher prosthetic limbs and spinal orthoses described by HCPCS codes L0631 and L0637. While the claim denial rate (CDR) for K3 or higher lower limb prostheses continues to improve (38.8%), the CDR for spinal orthoses remains very high (96.3%).

The prepayment review for lower limb prostheses revealed that of the claims that were denied, 23% were denied due to the lack of medical records of any kind. 11% of denied claims did not have adequate documentation to support the assigned functional level of the patient. On a positive note, improper proof of delivery only accounted for 4% of the denied claims.

The majority of claim denials for spinal orthoses billed as L0631 or L0637 occurred as a result of lack of documentation regarding the medical need for a custom fitted orthosis rather than an off the shelf orthosis. 86.2% of the denied claims were due to the lack of this documentation. It is clear that the DME MACs have focused significant energy in ensuring that orthoses that are billed using custom fitted codes are supported by documentation that describes the specific modifications that were made to the orthosis to achieve a custom fit for the patient.

Questions regarding these pre-payment reviews may be sent to Joe McTernan at [jmcternan@aopanet.org](mailto:jmcternan@aopanet.org) or Devon Bernard at [dbernard@aopanet.org](mailto:dbernard@aopanet.org).

## O&P PAC Corner Update

The O&P PAC Corner provides updates on the activities of the O&P PAC, including the names of individuals who have made recent donations to the O&P PAC and the names of candidates the O&P PAC has supported.

The O&P PAC recently received donations from the following AOPA member(s)\*:

- George Breece
- Rick Fleetwood, MPA

The purpose of the O&P PAC is to advocate for legislative or political interests at the federal level, which have an impact on the orthotic and prosthetic community. The O&P PAC achieves this goal by working closely with members of the House, Senate and other officials running for office to educate them about the issues, and help elect those individuals who support the orthotic and prosthetic community.

In order to participate in and receive information about the O&P PAC, federal law mandates that you must first sign an authorization form.

[Click here to view and sign an O&P PAC authorization form.](#)

\*Due to publishing deadlines this list was created on 02/19/2015 and includes only donations received between 01/01/2016 and 02/04/2016. Any donations received on/or after 02/04/2016 will be published in the next issue of the SmartBrief.

## Pedorthic Foundation Receives Further Research Grant

This past December the Pedorthic Foundation was pleased to accept a \$100,000 donation from the American Board for Certification in Orthotics, Prosthetics and Pedorthics to help further the Foundation's mission of providing research demonstrating the efficacy of pedorthic treatment. "The timing of this gift is excellent as it allows the Foundation to aggressively move forward with additional research for the profession," stated Dennis Janisse, C.Ped., President of the Pedorthic Foundation. "As we have stated this research is critical for the future of the profession."

The Pedorthic Foundation has a 40 year history of supporting and funding research for the pedorthic profession. Highly respected researchers including John Gould, M.D., Roger Mann, M.D., Ian Alexander, M.D. and H.B. Kitaoka, M.D. have had research projects funded by the Foundation. Many studies regarding the diabetic foot were funded by the Foundation during the early 1990's when the Therapeutic Shoe Bill was being enacted.

Information for the grants is posted on the Foundation's website [pedorthicfoundation.org](http://pedorthicfoundation.org). Grants will be considered for clinical or laboratory research in prescription footwear, orthotics and pedorthic modifications. Questions can be directed to the Pedorthic Foundation office at 920-356-1200 or at [info@pedorthicfoundation.org](mailto:info@pedorthicfoundation.org).

**Present at the 2016 National Assembly in Boston**

**AOPA National Assembly and New England Chapter Meeting  
John B. Hynes Veterans Memorial Convention Center in Boston, MA  
September 8-11, 2016**

The 2016 Planning Committee is seeking high-quality education presentations for the combined 99<sup>th</sup> Annual AOPA National Assembly and New England Academy Chapter Meeting to be held September 8-11, 2016 at the Hynes Convention Center in downtown Boston, MA.

Your submissions, based on sound research and strong empirical data, will set the stage for a broad curriculum of highly valued clinical and scientific offerings at the 2016 National Meeting. All free paper abstracts for the 2016 AOPA National Assembly must be submitted electronically. Abstracts submitted by e-mail or fax will not be considered. All abstracts will be considered for both podium and poster presentations. The review committee will grade each submission via a blind review process, based on the criteria below and reach a decision regarding acceptance of abstracts.

- Relevance, level of interest in topic
- Quality of Scientific Content
- Quality of Clinical Content

**Submission Deadline** – The submission deadline is March 31, 2016.

**Clinical Free Papers** – Those wishing to present an Orthotic, Prosthetic or Pedorthic Free Paper should [submit here](#) to have their paper considered for presentation at the 2016 National Meeting. The top scoring papers will compete for the prestigious Thranhardt Award.

**Technician Program** – If you would like your Technical presentation considered for the Technical Education Track, please [submit your paper here](#). The planning committee is specifically looking for fabrication techniques to be presented in the form of a “cooking show” style demonstration. Please contact us with questions [assembly@aopanet.org](mailto:assembly@aopanet.org) or 571-431-0808.

**Business Education Program** – Please [submit your business education paper here](#). The top papers will be considered for the prestigious Sam E. Hamontree, CP (E) Business Education Award.

**Symposia** – If you are interested in organizing a Symposium, then please [submit here](#). Scientific Symposia should present thematically related research addressing significant problems or controversies in Orthotics, Prosthetics or Pedorthics. The symposium should bring together one or more of the world's leading researchers to present current developments and planned research directions. Where appropriate, symposium should present differing points of view on a particular topic.

**Student/Resident Poster Submission:** AOPA invites students and residents to present orthotic/prosthetic research findings or a particular case study via a poster presentation. When students and/or residents submit an abstract for a poster, they are entered to win one of two prestigious awards--The Otto and Lucille Becker Award will be presented for the best orthotic abstract submitted and the Edwin and Kathryn Arbogast Award for the best prosthetic abstract submitted by a qualifying student or resident.

- ✓ The poster must be exhibited and presented at the AOPA National Assembly for the award recipient to receive the prize. The winners of the two scientific poster awards will be published in the O&P Almanac.
- ✓ The winners will receive a \$500 cash award, registration to the show, coach-class airfare to the National Assembly and three nights hotel. To qualify to present a poster in this category and eligible for consideration for this award, the main author must be a student (baccalaureate or masters level) or a resident at a qualified patient care facility.
- ✓ Abstracts will not be considered for either award if they have been previously presented, published, or are currently submitted with pending decision on acceptance elsewhere.
- ✓ These awards have been made possible by a special endowment by Becker Orthopedic and WillowWood.
- ✓ The Award Winner's associated school will also be honored with an award.
