Pre-Register for the 9th Annual Wine Tasting & Auction

If you haven't already done so, it is not too late to pre-register for the 9th Annual Wine Tasting & Auction being held on September 9 at 6:00 pm during the 2016 AOPA National Assembly in Boston, MA. For more information [click here](#).

Don't let the name fool you, the auction includes more than just wine. We have bourbon, scotch, beer, cigars and special surprise items, plus a stocked open bar. But don't worry we also have several lots of world class wines. Take a peek at last year's catalog for an idea of the type of items you may bid on. [View the previous catalog here](#).

This year's event will also feature a few special Boston inspired items, including private tour packages of local New England vineyards/distilleries and signed Red Sox and Patriots memorabilia.

You may pre-register for the 9th Annual Wine Tasting & Auction [here](#) or you may pre-register when you register for the 2016 AOPA National Assembly. This event is the perfect way to enjoy an evening with your friends and colleagues.

Jurisdiction D DME MAC Published Audit Results

Noridian Healthcare Solutions, LLC, who serves as the Jurisdiction D DME MAC, has recently released results of some of its ongoing pre-payment audits for O&P services. The published results include those related to spinal orthoses, knee orthoses, AFOs, and therapeutic shoes billed during the second quarter of 2016. Summaries of the audit findings are below:

Spinal Orthoses

Pre-payment review of spinal orthoses described by HCPCS codes L0631 and L0637 resulted in an overall error rate of 99%. Common reasons for denial included lack of documentation of the need for a custom fitted orthosis, improper proof of delivery documentation, and failure to respond to requests for additional documentation.

Knee Orthoses

Pre-payment review of knee orthoses described by HCPCS code L1833 resulted in an overall denial rate of 92%. Common reasons for denial included lack of objective documentation of knee instability, improper reporting of a correct diagnosis code, improper proof of delivery documentation, and failure to respond to requests for additional documentation.

AFOs

Pre-payment review of AFOs described by L1960 resulted in an overall denial rate of 73%. Pre-payment review of AFOs described by L1970 resulted in an overall denial rate of 78%. Pre-payment review of AFOs described by L4360 resulted in an overall denial rate of 98%. Common denial reasons included lack of documentation of a need for a custom device rather than a prefabricated device (L1960 and L1970), lack of documentation regarding modifications that were made to custom fit the device (L4360), failure to respond to requests for additional documentation, and no proof of delivery documentation.

Therapeutic Shoes

Pre-payment review of therapeutic shoe claims resulted in an overall denial rate of 76%. Common reasons for denial included lack of documentation from the certifying physician, lack of proof of an in-person fitting visit with the supplier of the shoes, and failure to respond to additional documentation requests.

The high denial rates for all of these pre-payment reviews mean that claims for these HCPCS codes will remain under pre-payment review going forward. It is important to remember that many of these denials may have been avoided by responding to requests for additional documentation or ensuring that proof of delivery documentation meets Medicare's published requirements.

Questions regarding pre-payment reviews may be directed to Joe McTernan at jmcternan@aopanet.org or Devon Bernard at dbernard@aopanet.org.

Contact Your Representative to Support the Medicare O&P Improvement Act

We need you help in urging support for S. 829/HR 1530: The Medicare O&P Improvements Act. This bi-partisan bill that provides common sense solutions to reduce fraud. AOPA Executive Director Tom Fise has been meeting with legislators on the Hill to urge their support, but they need to hear from constituents. [Read the full bill here.](#)

These are some of the provisions included in the bill:

- Requires Medicare to reimburse only those orthotic and prosthetic providers who are licensed (in states that require licensure) or accredited (applicable in all non-licensure states) to provide orthoses and prostheses
- Recognizes the value of the Orthotist's or Prosthetist's Notes in the Medical record;

- Assures due process rights to improve proper Administrative Law Judge (ALJ) time frames;
- Reinstates and clarifies the statutory definition of “Minimal Self Adjustment” for Off-the-Shelf Orthoses to protect Medicare beneficiaries;
- Distinguishes Orthotists and Prosthetists from Suppliers of Durable Medical Equipment (DME);
- Requires greater transparency and granularity in CMS data availability about audit outcomes.

Send a letter to Congress showing your support.
