Register for the World Congress by **August 7** to register at the discounted early-bird rate!

AOPA and our 9 international partners welcome you to expand your knowledge, grow your market presence, and advance your career at this unique global gathering. [Register now.](#)

Full U.S. House Approves Legislation, Including Text to Legitimize the O&P Practitioner's Notes as Part of the Medical Record in Medical Necessity Determination

On July 26, the full House of Representatives acted by consent on suspension to adopt H.R. 3178, a bill to cut red tape and make some non-controversial changes to the Medicare program. Included in this bill was a single provision on O&P-- the long-awaited provision to recognize the orthotist-prosthetist's notes as part of the medical record in Medicare Medical Necessity Determinations. Here is the specific text as enacted by the House:

1 SEC. 103. ORTHOTIST'S AND PROSTHETIST'S CLINICAL NOTES AS PART OF THE PATIENT'S MEDICAL RECORD.

Section 1834(h) of the Social Security Act (42 U.S.C. 1395m(h)) is amended by adding at the end the following new paragraph:

"(5) DOCUMENTATION CREATED BY ORTHOTISTS AND PROSTHETISTS.- For purposes of determining the reasonableness and medical necessity of orthotics and prosthetics, documentation created by an orthotist or prosthetist shall be considered part of the individual's medical record to support documentation created by eligible professionals described in section 1848(k)(3)(B)."

AOPA wants to recognize and thank Reps. Mike Bishop (R-MI and a Ways & Means member), Glenn Thompson (R-PA) who advanced the similar provision as part of the broader Medicare O&P Improvement Act, H.R. 2599, and Mike Thompson (D-CA and a Ways & Means Committee Member), and both House Ways & Means Committee Chairman Kevin Brady (R-TX) and Richard Neal (D-MA and the Ranking Minority Member of the Ways & Means Committee), for their strong support which resulted in this important action. Now it is on to the Senate, where S. 1191, the Grassley-Warner bill, supported by Senators Cassidy (R-LA) and Duckworth (D-IL) will hopefully move forward similarly to favorable action.

AOPA will keep you updated on any developments.

Recent Jurisdiction D Reports Pre-Payment Audit Results

Noridian Healthcare Services, which serves as the Jurisdiction D DME MAC, recently released results of pre-payment audits for knee orthoses (KO) described by codes L1810, L1812, L1820, L1830, L1831, L1832, L1833, L1834, L1836, L1840, L1843, L1844, L1845, L1846, L1847, L1848, L1850, L1851, L1852 and L1860.

The pre-payment review included 95 claims, submitted between January 2017 and April 2017, of which 88 were denied for an overall claim potential improper payment rate of 96%. Common reasons for denial included failure to respond to requests for additional documentation, invalid proof of delivery documentation, coverage criteria not met, and the claim was same or similar to the one on file. Based on the overall denial rates, Noridian will continue its pre-payment review for the above listed KOs.

Questions regarding this issue may be directed to Joe McTernan at jmcternan@AOPAnet.org or Devon Bernard at dbernard@AOPAnet.org.

Fillauer Announces Traci Dralle as New VP

Fillauer Companies has announced that Traci Dralle will be its new vice president. According to a press release, Dralle has been with Fillauer since 2012 and most recently served as director of marketing and sales. As vice president, she will “manage the coordination, implementation and communication of the organizations overall vision, mission, values, and strategic goals.” She will also continue to oversee marketing, sales and product development teams.

“I would like to thank Traci for her outstanding performance and commitment to the organization,” **Michael Fillauer**, president and chief executive officer of the company, said in release. “I am confident that the leadership and enthusiasm Traci has shown throughout her career will benefit her as she works to build and expand upon Fillauer’s strategic initiatives.” According to the press release, Amy Neeley will take over as marketing manager for Fillauer. In her new position, Neeley will manage the marketing team and oversee marketing activities.

AOPA is Looking for Legislative Contacts – Do you have a Relationship with a Legislator?

AOPA needs a few good men and women to advance our advocacy efforts. Many AOPA members have treated a member of Congress, or member of their family. Or maybe you know a member of the U.S. House or Senate because you go to the same church, or your children go to the same school, or play on the same soccer team.

In the end, all politics is local. AOPA is starting a systematic plan to identify AOPA members who may either have such an existing relationship with their legislator, or are interested and have a path where they can develop such a relationship. Making a “cold call” and asking your legislator to help with something is hard - both for you as constituent and for your legislator, who clearly can't say “yes” to everyone. On the other hand, if you have built a relationship when there isn't an “ask,” have invited your legislator to visit your practice, have educated him/her about the care you provide to their constituents, maybe have supported them at a fundraiser, then it becomes much more natural to ask for help when you really need it.

Contact Lauren Anderson at landerson@AOPAnet.org with the name of your legislative contact.

Register Your Position on the Latest Senate Action on “Repeal and Replace”

Senate action on a “repeal and replace” bill for the Affordable Care Act (ACA) is expected to move quickly, and will leave little time for people to register their comments. What do you need to know?

AOPA has meticulously looked at “repeal and replace” through the lens of three key issues - higher premiums linked to pre-existing conditions, essential health benefits, and Medicaid cuts - as these three have a profound impact on O&P patients, and therefore on the professionals who serve those patients. AOPA is NOT taking a position either in favor of, or opposed to the Senate bill. Here is the essence of how the new Senate bill could be expected to impact those three factors.

- The so-called Cruz amendment would permit insurers who offer at least one plan which complies with the ACA guidelines to also offer a number of less expensive plans, with lesser coverage. This is seen as driving down premiums. Risk pool negotiations have resulted in

the likelihood that any impact this provision would have on prospect of higher premiums for those with pre-existing conditions would be modest.

- Another impact of the Cruz amendment is that it could serve to further undercut the essential health benefits, which already would be subject to potential state-by-state waiver revision/exclusion provisions. The less expensive plans that would be available could potentially result in short-cutting the essential health benefit-in the case of O&P, the rehabilitative and habilitative services assurances of ACA would be subject to being diminished or reduced.
- The new Senate bill has been described as generating Medicaid cuts - totaling \$772 billion over ten years. Clearly, any patient who's O&P costs are currently paid in some measure via Medicaid would be significantly less likely to be able to pay for their coverage.

Every AOPA member needs to look at this picture - the Affordable Care Act has proven to be significantly less than perfect, though it has increased the number of Americans with a modicum of insurance coverage. The Senate repeal and replace plan has readily identifiable shortcomings, costs and uncertainties. While there is not yet a CBO score on the latest version, CBO has consistently reported significant reductions in the number of insured Americans tracking to the repeal and replace bills.

If You Want to Register Your Position

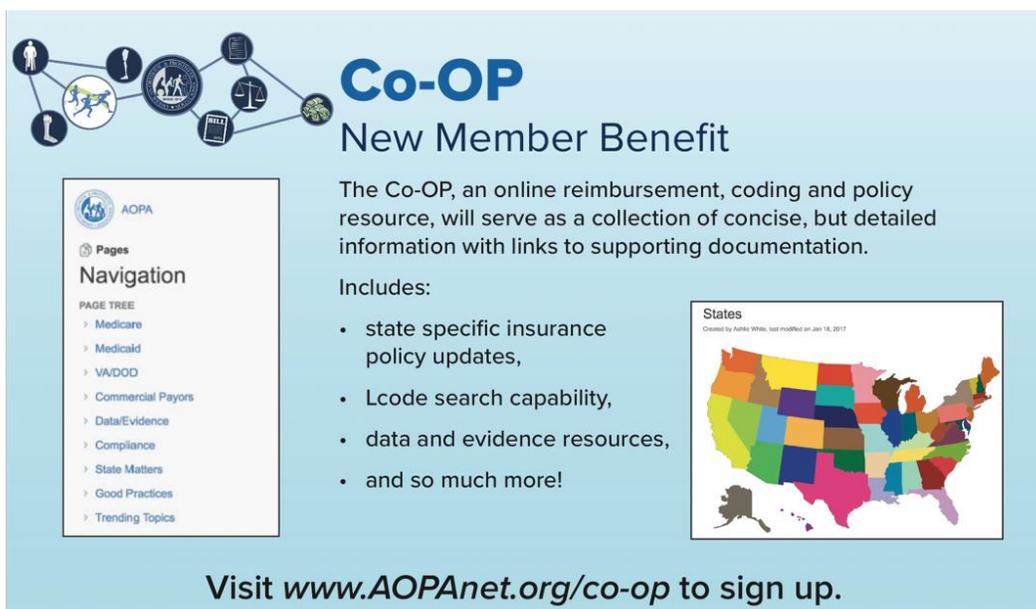

We have set up a mechanism on our AOPAVotes site to permit AOPA members to register to their Senators their position either in favor of the latest Senate repeal and replace, or opposed to the latest Senate repeal and replace bill.

If you are in favor of the latest Senate repeal and replace bill [you may use this letter](#).

If you are opposed to the latest Senate repeal and replace bill [you may use this letter](#).

AOPA will continue to keep you informed on key steps in the ongoing debate on repeal and replace which has the potential to markedly modify both the current and future environment for American health care.

Take Advantage of AOPA's New Online Reimbursement, Coding & Policy Compendium

The graphic features a network of icons representing various healthcare and policy topics. The main title is "Co-OP New Member Benefit". Below the title, a text box describes the Co-OP as an online reimbursement, coding, and policy resource. To the left is a "Navigation" sidebar with a "PAGE TREE" listing categories like Medicare, Medicaid, VA/DOD, Commercial Payors, Data/Evidence, Compliance, State Matters, Good Practices, and Trending Topics. To the right is a list of features including state-specific insurance policy updates, Lcode search capability, and data and evidence resources. A small map of the United States is also present, with the text "States" and "Created by Asha White, last modified on Jan 18, 2017".

Co-OP New Member Benefit

The Co-OP, an online reimbursement, coding and policy resource, will serve as a collection of concise, but detailed information with links to supporting documentation.

Includes:

- state specific insurance policy updates,
- Lcode search capability,
- data and evidence resources,
- and so much more!

Visit www.AOPAnet.org/co-op to sign up.

AOPA Announces Winners of 2017-2018 Pilot Grant Awards

In February, AOPA, in partnership with the Center for O&P Learning & Evidence-Based Practice (COPL), announced a Request for Pilot Grant Proposals in 16 potential areas of orthotic and prosthetic research including an open topic. A record 38 proposals were received in response to the request for proposals, and the board took the extraordinary step of choosing seven projects to fund, instead of the usual 3-4 projects. The previous years' projects, dating back to 2009, are available for review on [AOPA's website](#).

The 2017 COPL grants that are selected for funding are listed below:

- Sarah Anderson, La Trobe University, *Comparison of quality of life in people with partial foot or transtibial amputation*
- Brian Kaluf, BSE, CP, Ability Prosthetics and Orthotics, Inc., *Hydraulic and Microprocessor Controlled Ankle-Foot Prostheses for Limited Community Ambulators with Unilateral Transtibial Amputation: Pilot Study*
- Sarah Chang, PhD, Northwestern University, *A pilot study to evaluate the effects of the hydraulic ankle-foot prostheses on standing and walking in K2-level ambulators*
- Benjamin Padilla, MD, University of California San Francisco Benoiff Children's Hospital, *The Effects of a Custom Pectus Carintum Orthosis on Dosing Response and Quality of Life*
- Eric Weber, CPO, FAAOP, Hanger Clinic - Department of Clinical and Scientific Affairs, *Mobility and Global Health among Users of Lower Limb Orthoses: The Establishment of a National Data Base*
- Chris Hovorka, Ph.D., CPO, LPO, FAAOP, Georgia Institute of Technology, *Gait and Motion Control Benefits of Custom Molded Passive-Dynamic AFOs versus Custom Fit Carbon Composite AFOs in Persons with Neuromuscular Impairment*
- Kenton Kaufman, PhD, Mayo Clinic, *Prevalence, correlates, and risk of prescription drug use and abuse in individuals with above knee amputations*

When in Vegas... Party with a Purpose

Attending the 2017 AOPA World Congress? Don't forget to register for the "Party with a Purpose" on Thursday, September 7 at 6:30 pm at the 1923 Bourbon Bar, a private and modern speakeasy.

Network and socialize with your friends and colleagues while enjoying dinner, prohibition inspired cocktails, a private cigar lounge, live entertainment, a silent auction (sports packages, jewelry, wine packages, etc.), and much more. Don't miss the fun!

Space will be limited, so be sure to secure your spot today!

This is a special event and certain rules and restrictions may apply. For additional information about the Party with a Purpose or to register, contact Devon Bernard at dbernard@AOPAnet.org.

AOPA's Centennial Directory Now Available to Case Managers

As part of AOPA's 100 year anniversary activities, AOPA has produced our Centennial membership directory. In addition to history and technology, the directory includes contact information for all 2017 AOPA members and a supplier listing with a detailed product index, making it helpful for networking and providing referrals. AOPA is pleased to announce that the directory is now being featured in the Commission for Case Manager Certification (CCMC) newsletter. CCMC is the largest membership organization for case managers, with a total of 47,874 members. A description and link to the downloadable directory will appear in their bi-weekly online newsletters for 7 weeks. Part of AOPA's mission is to help members raise awareness and understanding of the industry and the association. Case managers are an important link between patients needing referrals and AOPA members. [Purchase your copy here.](#)
