Medicare Has Saved More than \$100 Million This Year by Providing O&P

More Proof that Mobility Saves Lives and Money!

How did we come up with that number?

Medicare saves \$643,755.96 EVERY DAY, based on the savings calculated by the Dobson

DaVanzo research study comparing similar patients who did not receive O&P care, with those who did receive care. Read more about the study, and check out the ticking savings calculator at MobilitySaves.org.

Partnering with Hospitals can be Beneficial for O&P Providers

Hot off the press: read *Hospitals – What’s the Hype?* only in the [O&P Almanac](#)! The June issue is now available online.

[Hospitals – What’s the Hype?](#) | Page 34

As hospitals become more powerful players in health care, some O&P practitioners are forging partnerships with them to ensure their place in accountable care organizations and new bundled payment systems. Practitioners should seek out relationships in the hospital beyond the purchasing department, according to O&P experts, and educate hospital personnel about what O&P payments involve so facilities are not undercutting themselves on pricing. O&P facilities can position themselves as valuable team members by providing a full range of services and working with other providers, such as physical and occupational therapists.

How’s Your Medicare Compliance Plan? Get it Updated with Tomorrow’s Webinar!

June 10, 2015, 1:00-2:00 PM EST

In today's environment of increased provider scrutiny, a well-designed, effective compliance plan is a necessity. The ability to make sure your own billing practices are sound may prevent unnecessary audits down the road. Join AOPA for its June webinar, *“Stay Out of Trouble: Building a Medicare Approved Compliance Plan”*.

Topics for discussion will include the following:

How to establish and manage an efficient Compliance Plan

- The need to have a dedicated company Compliance Officer
- OIG guidance on the 7 fundamental elements of an effective compliance plan
- Taking action when compliance deficiencies are discovered
- How and when to perform self-audits
- Providing appropriate compliance training to your staff

Congratulations to the 2015 AOPA National Assembly Hamontree Award Contenders!

The Sam E. Hamontree, CP(E) Business Education Award was created to recognize the best business paper submitted for presentation at the AOPA National Assembly. This award is envisioned as a counterpart to the Thranhardt Award given each year to the best clinical abstract(s). The audience will be invited to cast their vote for the award winner, and the winner will be announced at the Saturday morning General Session.

Attend the 2015 AOPA National Assembly to see the "best of the best" at the award winning Hamontree Lecture Series. This year's award contenders are outlined below.

It's Not Too Late to Improve Your Business

Why wouldn't you invest the 60 minutes to get the data you need – **for FREE** – to develop specific strategies to gauge and improve the health of your business?

It's not too late to participate in the 2015 Operating and Performance and Compensation Survey! You have until **June 19** to return your survey data. Start improving your business performance by measuring:

- *How your financial results stack up to your industry peers;*
- *How your spending on materials, advertising, or other expenses compare with other companies similar to yours;*
- *Whether your gross margin is better (or worse) than other facilities of the same size;*
- *How your compensation levels compare to the rest of the industry; and*
- *Whether your employees are generating enough sales.*

The survey takes about 60 minutes to complete and can be returned by fax, or completed online at www.aopa-survey.com. The online form has a "save and return" capability, which allows you to complete the survey in multiple sittings if needed. You may also submit your raw data to Industry Insights and they will enter it for you. *(All personally identifiable data remains confidential with Industry Insights.)*

AOPA members who participate in the survey will receive:

1. **FREE** customized Company Performance Report, comparing your organization with others of similar size and location. *(A private consultant would charge hundreds of dollars for such a report.)*
2. **FREE** copies of the two published reports: 2015 Operating Performance Report and 2015 Compensation Report – valued at \$570.
3. **FREE** Mastering Medicare Webcast series – a \$693 value. You or your colleagues can earn 13.5 CE credits when scoring 80% or higher on the webcast quizzes.

For questions or more information, contact Betty Leppin at bleppin@AOPAnet.org, or 571/431-0810.
