### Technical Fabrication Contest

Participate in the Fourth Annual Technical Fabrication Contest

This year's technical fabrication contest has a new twist, instead of entering your fabricated device into a contest, this year's contest will be a timed event on the exhibit hall floor. Contestants will properly assemble an articulating AFO joint and judged by who. Win cash and bragging rights!

The contest will take place each day during the Assembly at the times indicated below. Be sure to stop by booth 900 to get "timed." Scores will be posted and you have the option to compete up to three times.

#### **Competitions will take place:**

##### Thursday, October 8

10:00 – 11:00 AM

Noon – 2:00 PM

##### Friday, October 9

10:00 – 11:00 AM

Noon – 2:00 PM

##### Saturday, October 10

#### **Sign up**

Pre-register on your Assembly registration form to make sure you receive all communications and updates regarding the contest. If you have all ready registered for the Assembly and were not able to register for the Technical Fabrication Contest, you can contact Ryan Gleeson at [rgleeson@aopanet.org](mailto:rgleeson@aopanet.org). If you decide to participate at the show, you can sign up at registration or at the contest location. There is no charge to participate.

First Place Winners receive a \$500 Cash Prize

Two Runner ups receive a \$200 Cash Prize

**How it Works:**

Stop by the contest competition booth, assemble an articulating AFO (provided) and get your time recorded. The contest will be open during the times listed above during the National Assembly. Each contestant can have their time recorded up to three times during the show. Their best time will be the final competition time.

If there is a tie, then there will be a “time-off” where to determine the winner. Three winners will be selected. First Place winner with the lowest fabrication time will receive a \$500 prize. Two runner ups with the second and third best times will each receive \$200.

All National Assembly registrants may participate unless they are a judge, work for a contest sponsor or are on the Assembly Planning Committee or AOPA Board of Directors.
