Will the Budget Agreement Being Discussed Impact Medicare and O&P?

This budget agreement is still in process but according to AOPA health care advisors, the text below represents the key health care provisions that may be included, that currently represent no DMEPOS cuts. It appears to contain an extension of the 2% earlier sequester cuts, but the budget is subject to change as it moves forward in the next 48 hours through both Houses. Title VI – Health Care

SEC. 601. Maintaining 2016 Medicare Part B Premium and Deductible Levels Consistent With Actuarially Fair Rates.

In 2015, the monthly Part B premium rate is \$104.90. Without Congressional action, the estimated monthly Part B premium in 2016 for beneficiaries not held harmless would be \$159.30. This policy would maintain the hold harmless provision in current law and prevent a dramatic premium increase on beneficiaries not held harmless. This policy accomplishes this by setting a new 2016 basic Part B premium for the beneficiaries not held harmless at \$120, which is the amount the Part B premium would otherwise be for all beneficiaries in 2016 if the hold harmless provision in current law did not apply. To effectuate this policy, in 2016, there would be a loan of general revenue from the Federal Treasury to the Supplemental Medical Insurance (SMI) Trust Fund. To repay the loan, starting in 2016, beneficiaries not subject to the hold harmless would pay an additional \$3 in their monthly Part B premium until the loan is repaid. Medicare beneficiaries who currently pay higher income-related premiums would pay

higher than \$3, the amount of which would increase for beneficiaries in each higher-income bracket in proportion to income-related premiums under current law. If there is no cost of living adjustment increase for 2017, this provision would apply again.

SEC. 602. Applying Inflation Adjustment to Medicaid Generic Drug Inflationary Rebate.

Currently, single source and innovator multiple source drugs pay an additional rebate if the price of the drug has increased faster than inflation (CPI-U). The inflation-based rebate, however, does not apply to generic drugs. Section 602 would apply the inflation-based rebate currently paid on brand drugs to generic drugs.

SEC. 603. Treatment of New Off-Campus Outpatient Departments of a Provider

Section 603 would codify the Centers for Medicare & Medicaid Services (CMS) definition of provider-based (PBD) off-campus hospital outpatient departments (HOPDs) as those locations that are not on the main campus of a hospital and are located more 250 yards from the main campus. The section defines a “new” PBD HOPD as an entity that executed a CMS provider agreement [after the date of enactment]. Any PBD HOPD executing a provider agreement after the date of enactment would not be eligible for reimbursements from CMS’ Outpatient Prospective Payment System (PPS). New PBD HOPDs, as defined by this section, would be eligible for reimbursements from either the Ambulatory Surgical Center (ASC PPS) or the Medicare Physician Fee Schedule (PFS).

Sec. 611. Repeal of automatic enrollment requirement.

Section 611 repeals Section 18A of the Fair Labor Standards Act (29 U.S.C. 218a), as added by section 1511 of the Affordable Care Act. Section 1511 requires employers with more than 200 employees to automatically enroll new full-time equivalents into a qualifying health plan if offered by that employer, and to automatically continue enrollment of current employees.

Iowa Congressman Young Visits American Prosthetics & Orthotics

Practitioners at American Prosthetics & Orthotics, headquartered in Clive, Iowa, recently were hosts to Congressman David Young (R-Iowa-03). Young toured the facility to learn how amputees learn to walk and run again through available technology. Leading the tour were Director of Prosthetics Nick Ackerman, CP, LP, Gary Cheney, CPO, LPO, FAAOP, Director of Compliance and Patient Services, and Don Shurr, CPO, LPO, PT, all pictured to the left with Congressman Young.

Discussed with Young were the changing levels of Local Coverage Determination for Lower Limb Prosthetics as proposed by the four Durable Medical Equipment Administrative Contractors (DME MACs), RAC audits, and delays in appeals to the ALJ. “We also asked for and received his support on HR 1526 (Medicare Audit Improvement Act of 2015) and HR 1530 (Medicare Orthotics and Prosthetics Improvement Act of 2015),” Cheney said.

Upcoming Webinar: How to Make a Good Impression: Marketing Yourself to Referrals

November 11: 1:00-2:00 PM EST

"You Never Get a Second Chance to Make a First Impression," This often used quote not only applies to life, but also to O&P. Join AOPA for its upcoming webinar entitled, "How to Make a Good Impression: Marketing Yourself to Your Referrals." During this one hour webinar, AOPA experts will discuss strategies that may give you a competitive edge when it comes to building a referral base. Topics of discussion will include:

- Making your business stand out

Now Available: 2015 Operating Performance and 2015 Compensation Reports

Are you curious about how your business performance compares to others? The **2015 Operating Performance Report** provides a comprehensive financial profile of the O&P industry including balance sheet, income statement and payer information organized by total revenue size, community size, and profitability. The data was submitted by more than 90 patient care companies representing 1,116 full time facilities and 71 part-time facilities. The report provides financial performance results as well as general industry statistics. Except where noted, all information pertains to fiscal year 2014 operations. This survey is repeated annually.

The **2015 AOPA Compensation & Benefits Report** is the most complete, accurate, and up-to-date compensation information for the O&P industry. Compare your compensation levels and benefits policies with similar facilities. The report is divided into two major sections: Average Salaries (including ranges of key employee positions) and Benefits (including holiday and vacation policies). AOPA's Compensation & Benefits Survey is conducted every other year.

Reports are available electronically or print.
